Assistant/Associate Professor, Addiction Psychiatry

The Department of Psychiatry of the UT Health Science Center at San Antonio has an exciting opportunity for an accredited addiction psychiatrist to join a growing academic program in alcohol/drug addiction treatment and research. The applicant would be responsible for helping create and manage clinical programs for alcohol and substance use disorders, collaborate in research, and supervise psychiatry residents. The Department of Psychiatry has a truly translational science program in addictions where basic science advancements can be evaluated in clinical trials conducted in collaboration with a growing program of clinical patient care.

Applicants must have completed an M.D. and be board-certified in addiction psychiatry or addiction medicine, and demonstrate commitment to evidence-based treatment research and training in substance use disorders and/or dual-diagnosis. This position is tenure-track eligible and academic rank and recruitment package will be commensurate with experience.

The department has strong educational, research and clinical programs in an attractive, culturally rich city situated on the edge of the Texas Hill Country, with a pleasant climate, an excellent public school system and abundant recreational activities. Interested individuals should forward their curriculum vitae to: Steven R. Pliszka, M.D. (pliszka@uthscsa.edu), Department of Psychiatry, University of Texas Health Science Center at San Antonio, MC 7792, 7703 Floyd Curl Drive, San Antonio, TX 78229-3900. The UT Health Science Center is an equal opportunity/affirmative action employer including protected veterans and persons with disabilities. All faculty appointments are designated as security sensitive positions.
