

ASSISTANT/ASSOCIATE PROFESSOR OF PSYCHIATRY

The Department of Psychiatry at The University of Texas Health Science Center San Antonio is recruiting general psychiatrists for our growing department. Candidates must be board-certified or board-eligible academic general psychiatrists to fill these full-time Assistant or Associate Professor positions on either the tenure or non-tenure track. The faculty will be responsible for individual clinical duties and supervision of psychiatry residents and medical students at a variety of clinical sites. These sites include the psychiatric services (inpatient, consultation-liaison, emergency service) of University Hospital, the Transitional Care Clinic for persons with chronic mental illness, and the UT Medicine faculty practice plan. Proportion of activity at these sites can be determined by applicant interest and Department need. Involvement in clinical research is available for those with interest and training.

Applicants must be eligible to obtain a Texas medical license. In addition, candidates must be eligible for clinical privileges with the University Health System under the appropriate staff category and must agree to abide by those privileges as outlined by the current bylaws of the institution. Applications will be accepted until suitable qualified candidates are found.

The department has strong educational, research and clinical programs in an attractive, culturally rich city situated on the edge of the Texas Hill Country, with a pleasant climate, an excellent public school system and abundant recreational activities. Interested individuals should forward their curriculum vitae to Steven R Pliszka, Department of Psychiatry, Mail Code 7792, UT Health Science Center San Antonio, 7703 Floyd Curl Drive, San Antonio TX 78229-3900, phone 210-567-5391, FAX 210-567-6941.

The University of Texas Health Science Center at San Antonio is an equal employment opportunity/affirmative action employer including protected veterans and persons with disabilities. All faculty appointments are designated as security sensitive positions.
