Financial Disclosure

Dr. Peirce has no relevant financial or nonfinancial relationships with any proprietary interests.

Learning Objectives

- To describe evidence for and against the “self-medication” hypothesis of drug use
- To describe the rate and effect of new traumatic event exposure and PTSD on substance use disorder patients
- To evaluate the relationship between PTSD and proximal drug use outcomes

The UT Health Science Center at San Antonio School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The UT Health Science Center at San Antonio School of Medicine designates this live activity for a maximum of 1.25 AMA PRA Category 1 Credits. Physicians should claim only credit commensurate with the extent of their participation in the activity. The Texas State Board of Psychologists recognizes each session for Category 1 Continuing Education Credit.
